

# CAROL HUANG

Carol is a 3D designer with over a decade of experience in exhibition and interior design. She specializes in creating themed exhibitions with engaging interactives and immersive environments, where design elements integrate seamlessly with content in original and imaginative ways. Carol's work is both playful and beautiful and one can find her signature in all that she touches.

Carol holds degrees in both chemical engineering and Interior Design, and speaks three languages. She has studied design and architecture in the United States, Italy, and the Scandinavia.

In 2013, Carol co-founded Form Function Light and became the Creative Partner at Christensen Lighting—a design collaboration that provides design and lighting services for museums, exhibitions, and events.

## Current Project

Wiess Energy Hall, Houston Museum of Natural Science, Houston, TX

## RELEVANT EXPERIENCE

### **Amaze Design, Boston, MA**

Senior Exhibit Designer, 2011-2013

Perot Museum of Nature & Science, Dallas, TX

*T. Boone Pickens Life Then and Now Hall*

*Rose Hall of Birds*

National Children's Museum, National Harbor, MD

*Our World*

FutureGen Discovery Center, Jacksonville, IL

### **Main Street Design, Inc., Somerville, MA**

Freelance Exhibit Designer, 2010

Science North, Sudbury, Ontario, Canada

*Wildlife Rescue*

### **Liberty Science Center Design Services, Jersey City, NJ**

Freelance Exhibit Designer, 2009-2010

Bell Labs Technology Showcase, Murray Hill, NJ

### **Liberty Science Center, Jersey City, NJ**

Senior Exhibit Designer, 2007-2009

Exhibit Designer, 2003-2007

*Communication*

*Wonder Why: Observe, Imagine, Create*

*Wildlife Challenge*

Centro Criollo de Ciencias y Tecnología, Caguas, Puerto Rico

*Sustaining Puerto Rico*

### **Lee Stout, Inc., New York, NY**

Interior Design Intern, 2001-2002

## EDUCATION
